

STARMed CaStar Infant

Infant hood for CPAP therapy

Critical Care ▪ Non-invasive ventilation ▪ **STARMed**

STARMed CaStar Infant hood for CPAP therapy

StarMed CaStar Infant

The CaStar Infant hood is a comfortable, versatile and lightweight CPAP patient interface for infants. It is designed to offer an alternative to traditional methods of CPAP delivery. The CaStar Infant hood is well tolerated for extended periods and can reduce the risks associated with both endotracheal intubation and face mask use. It is available in two sizes, providing an ideal option for CPAP therapy for a range of patient sizes.

Technical Features

- Manufactured from phthalate-free materials
- 22M/22F connectors compliant to ISO standard
- Available in 2 sizes:
 - Low - internal volume 7 litres
 - High - internal volume 8 litres
- Fitted with integrated pressure gauge to check the presence of pressure within the hood

- Fitted with inflatable headrest
- Atraumatic harness for patient comfort
- Two versatile sealed access ports suitable for single or multiple lumen probes or catheters
- New design patient access port. Fitted with bi-directional anti-asphyxiation valve which opens automatically in the event of pressure failure
- Airtight sealing of the system is achieved by an elastic membrane making contact with the upper part of the torso, once the hood is inflated

Features and benefits

Redesigned patient access port
With bi-directional anti-asphyxiation valve

Comfortable patient harness

Transparent
For ease of patient monitoring

Integrated pressure manometer

New design sealed access ports
Closer to the patient's airway

CaStar Infant hood for CPAP therapy with inflatable headrest, bi-directional anti-asphyxiation valve and patient access port

Custom packs are supplied on specific request of the customer

Code	Description	Patient weight	Box Qty.
CP200INFHI/2	CaStar Infant High with anti-asphyxiation valve and patient access port	7 -12 Kg	5
CP200INFLO/2	CaStar Infant Low with anti-asphyxiation valve and patient access port	3 - 7 Kg	5
