Openable hood for non-invasive mechanical ventilation (NIV)

Critical Care ▪ Non-invasive ventilation ▪ **STARMed**

# STARMed CaStar R Up openable hood for NIV

## StarMed CaStar R Up

Openable CaStar R Up is a comfortable, versatile and lightweight patient interface for non-invasive mechanical ventilation (NIV) designed to offer an alternative to traditional methods of NIV delivery. The CaStar R Up is well tolerated for extended periods and can reduce the risks associated with both endotracheal intubation and face mask use. It can be used in both semi-recumbent and supine positions providing an ideal option for NIV therapy.

### Advantages

- Allows rapid access to the patient during nursing procedures or in case of emergency
- One operator can easily remove the upper part of the hood and have full access to the patient
- Probes and catheters can remain in place, on the patient, connected to the lower part of the hood

### Technical Features

- 22M connectors compliant to ISO standard
- Built in inflatable neck cushion for added patient comfort
- Comfortable and atraumatic underarm fastening straps
- Other fastening accessories are available if required
- Two new larger access ports on the collar for probes or catheters of 3.5-7.0mm Ø
- Patient access port with screw cap. Fitted with bi-directional anti-asphyxiation valve which opens automatically in the event of pressure failure
- Airtight sealing of the system is achieved by an elastic membrane making contact with the upper part of the torso, once the hood is inflated
